Różne gatunki drzew, a także struktura, usłojenie i różnice odcieni naturalnego drewna mają wpływ na absorbowanie bejcy w procesie barwienia. Próbka stanowi jedynie fragment drewna i ma charakter poglądowy. Nie należy oczekiwać idealnej kopii.

Different woods, as well as grain and tone variations in the same woods, absorb stains differently. The sample is provided as a guide only. Therefore an exact match cannot be guaranteed.
